

Instructions to avoid spreading of COVID-19 at Port of Pietarsaari

These actions have to be followed to avoid the spreading:

Because of the local COVID-19 situation ship personnel is strongly recommended to stay onboard while moored at Port of Pietarsaari.

Disembarkation only by permission asked via Port operator Euroports 24/7 service number +358 40 585 2420 and same time you get instructions for COVID-19 testing in Pietarsaari. Working and exercising on the quay near of the ship is however permitted following the COVID-19 safety distances.

Prior notice must be given of any change in crew at Port of Pietarsaari, in order to ensure availability of taxi service in advance, to get instructions for COVID-19 testing and to avoid unnecessary traffic in the port area.

For time being, personnel of the port do not ask ship personnel to sign receipts for receiving water or waste services. Copies of the receipts will be provided via Euroports Agency department.

All unnecessary visitors to portoffice are forbidden until further notice. Same applies to the visitors for the companies in port area. Only necessary suppliers supporting the port operations are allowed to enter the port area.

The personnel providing services to the ships have to use necessary protective clothing when needed.
